

## WALTZ TO PARIS

I sat on the bench  
You sat on my lap  
You were wearing color red  
And I hated it  
For me it's too obvious  
For you it's a way  
Of more tender existence

I sat on the bench  
Your mouth glued to mine  
Your hands around my waist  
Oh I had the time  
To feel that something  
Will arrive  
A storm, a beginning of a sentence

Parmi de peinture de Rembrandt  
Il y a que te cauchemar Baby  
Parmi de peinture de Rembrandt  
Il y a que te cauchemar Baby

We walked on the street

Just you and me  
Oleanders in the air  
It was hard to breath  
Every time you spoke  
You came so close  
The violence  
Damn the violence in me

Silence in the air  
Silence is rare  
In the city of constant romance  
Silence in the air  
Silence and despair  
It's a point of no return Baby

Parmi de peinture de Rembrandt  
Il y a que te cauchemar Baby  
Parmi de peinture de Rembrandt  
Il y a que te cauchemar Baby  
Parmi de peinture de Rembrandt  
Il y a que te cauchemar Baby  
Parmi de peinture de Rembrandt  
Il y a que te cauchemar Baby  
Parmi de peinture de Rembrandt  
J'ai tout vu  
Il y a  
Il y a  
Il y a  
Que te cauchemar

#### ELECTRIC SOUL

I thought I had it coming  
But I was wrong  
I thought I had it big  
But I was wrong  
With this kind of a reading  
I just go on  
With this kind of a reading  
I just go on  
If your mama is a junky  
My ma is a millionaire  
If your mama is a junky  
My ma is a millionaire  
I'm begging on her feet now  
But she doesn't care

I'm begging on her feet now  
But she doesn't care  
Don't care

Swing swing your electric soul  
Swing swing your electric soul  
Here's another way to put it  
I'm gonna let you go home  
Go home  
Go home

I can tell the way your dancing  
That you can not dance at all  
I can tell the way your dancing  
That you can not dance at all  
It doesn't really hurt me  
Makes me want you more  
No it doesn't hurt me  
Makes me want you more

Wish I had a brother  
That would always hit me down  
Wish I had a brother  
That would always hit me down

With that kind of brother  
would not fly around  
With that kind of brother  
would not fly around  
Around

Around Around girls like you  
Around Around girls like you  
Round and Round and Round

Swing swing your electric soul  
Swing swing your electric soul  
Here's another way to put it  
I'm gonna let you go home  
Go home  
Go home

#### HAIL MARY

Something something something  
Always something is wrong  
Something something something  
Always something is wrong  
Something something something

Always something is wrong  
Something something something

I hit my teeth to the bottle  
When I see you  
You bend your back  
Like no lady would ever do  
You tell me there's no tomorrow  
And I call your bluff

O lord don't you think  
I've had enough

Mother of Mary  
Hail Mary  
She won't let me go  
Hail Mary  
Even though I say no  
Hail Mary  
The damage is done  
She'll scream my name  
Like I'm the one son of God

Everyone in this bar  
Wants to let you down  
The way you move  
The way you talk  
Like you've been around

Then it all drops  
And I call your bluff  
O lord don't you think  
I've had enough

Mother of Mary  
Hail Mary  
She won't let me go  
Hail Mary  
Even though I say no  
Hail Mary  
The damage is done  
She'll scream my name  
Like I'm the one son of God

One son of God  
One son of God  
Only one son of God

All I really want is to be somebodies baby  
All I really want is to be somebodies baby  
All I really want is to be somebodies baby

Something something something  
Always something is wrong  
Something something something  
Always something is wrong  
Something something something  
Always something is wrong  
Something something something  
Something something something  
Something something something

#### DEVIL TAKE CARE

I have a lover  
Man from the light  
I have a lover  
Baby born in the light  
And every were he's walking  
All things seem to bloom  
Even though it's raining I feel  
Sun shining trough

You took my baby  
Forced him to fight  
You broke his heart and knees  
Night after night  
And the things that fallowed  
When nothing was the same

I take us back to the shadows  
That's were I came

From now on I take care of my baby  
From now on I take care of my baby  
From now on I take care of my baby  
I'll let the devil take care the rest of you

I have a lover  
Man from the light  
I have a lover  
Baby born in the light  
And every were he's walking  
All things seem to bloom  
Even though it's raining I feel  
Sun shining trough

I was born in the alley  
I was born in the dark  
'Till I met my lover

Didn't mind the right from wrong  
He should me the day light  
He should me the light

I take us back to the shadows  
It's time to dim the lights

From now on I take care of my baby  
From now on I take care of my baby  
From now on I take care of my baby  
I'll let the devil  
Take care the rest of you

From now on I take care of my baby  
From now on I take care of my baby  
From now on I take care of my baby  
I'll let the devil  
Take care the rest of you

#### TROUBLE OF THE WORLD (trad)

Soon I will be done  
Soon I will be done

Soon I will be done  
With the trouble of this world  
With the trouble of this world  
With the trouble of this world

Soon I will be done  
With the trouble of this world  
I'm going home to live with my lord  
No more weeping and wailing  
I said no more no more weeping  
No more weeping and wailing  
Im going home to live with my lord

#### I'M NOT HERE

Hey you in the street lights  
Would you share a cigarette  
I just left my baby  
And I feel light headed

Hey you in the fancy car  
You seem the type that always wins  
And I can tell from you left eye

That you know how to drive that thing

But cover your watch  
I don't want to know the time  
It's vicious It's cold  
It's passing me by  
Cover your watch  
And I wont change my mind  
When street light say amen  
I could follow you

Hey you in the dark corner  
Would you spare a girl a dime  
Oh, such soft hands  
Can I talk with you awhile

Hey you in the silver screen  
Would you come down  
Would you come down  
And get me  
I've been waiting for a while  
Oh, I'm screaming in my dreams

But cover your watch  
I don't want to know the time  
It's vicious It's cold  
It's passing me by  
Cover your watch  
And I wont change my mind

When street light say amen  
When street light say amen  
When street light say amen  
I could follow you

When I'm alone  
I am not here

When I'm alone  
I am not here

When I'm alone  
I am not here

I am not here  
I am not here  
I am not here

When I'm alone  
I am not here

## MARLENE

How come we still fall in love  
If every time love will fail us  
How come we keep fighting for  
If we know we'll lose the war

Do we have to fall apart  
Every time that love fails us  
It's not like someone takes it all  
It feels like that  
But there you're wrong

It's a whole new level of over statements  
A whole new level of loneliness  
A whole new level of self betrayal  
And that's enough  
Yes that's enough

How can you trust someone new  
If the one you thought you knew  
Broke your heart and stole the air  
Around you  
Everywhere

It's a whole new level of drinking red wine  
A whole new level of emptiness  
A whole new level of envying other peoples happiness  
Yes happiness

Tell me how you fell in love  
You who knew that you would lose it all  
Like a soldier to his grave  
Took your heart  
And came

It's a whole new level of looking forward  
A whole new level of being brave  
A whole new level of wishful thinking  
And that's enough  
Yes that's enough

So I will fall in love  
Even though love might fail me  
But I have seen the crimes of war  
Now it's peace I'm fighting for  
Now it's peace I'm fighting for  
Now it's peace I'm fighting for

TONY MY PONY

Tony my pony  
Is not a threat to you  
Baby

Tony my pony  
Is just a pet  
If you hold me

Baby let me ride you  
To the setting sun  
Tony you are the one

Tony my pony  
Is not a threat to you  
Baby

I need you you kiss me  
But you treat me so coldly  
Baby let me ride you  
To the setting sun

Tony baby tell me that I'm the one  
Tony baby tell me that I'm  
That I'm  
That I'm

I am the one  
I am the one  
I am the one  
I am the one

## WAR SONG

If you go to the war  
Promise that you will make sure  
That they will let me come with you  
To the first frontier

If you leave me at home  
And take half of my soul  
I love you to much  
To miss you alone

Shum shum shuraa  
Shum shum shuraa  
Shum shum shuraa  
Shum shum shuraa

If you take that train  
That they painted grey  
You'll never return  
As the one that I yearn

All the things that you see  
And the pain that you'll feel  
They'll rip you away from me  
You'll never return

Shum shum shuraa  
Shum shum shuraa  
Shum shum shuraa  
Shum shum shuraa

If you go to the war  
Promise that you will make sure  
That they will let me come with you  
To the first frontier

If you leave me at home  
And take half of my soul  
I love you to much  
To miss you alone

Shum shum shuraa  
Shum shum shuraa  
Shum shum shuraa  
Shum shum shuraa
